Cigarettes, ice cream, figurines of the Virgin Mary
Herywalery

It's splendid that you have decided to choose the exceptional Zen Color lamp. We hope it's design and ergonomic will fulfil your high expectations, as we believe we are directing our product at a demanding, design-savvy customer. We wish you to have the best experience using our products!

Installation

After taking it out of its packaging, the lamp is ready to be mounted on the wall and plugged in. If you decide to connect it to the electrical junction box in the wall, connect the cables in the way described on the feeder, which is placed under the hood of the lamp. Disassembling the hood requires unscrewing two bolts and taking off the flap with the logo. Attention! Disassembling and installing the lamp is best be commissioned to a professional electrician or done in accordance with the rules of working with high voltage.

Unprofessional handling and modifications can cause damage to the lamp or put your health and life at risk. After connecting the cables, you need to tighten the bolts on the flap again, and mount the lamp on the ceiling or wall.

Use

The lamp is operated simply by turning it on and off by means of a switch located on the cable or in case of a ceiling lamp - on the wall. The remote control unit you will find inside will allow you to turn the light on and off, change the colour and brightness or choose the light animation program.

Maintenance

The operation time for the lamp is 50000 hours. In case of any malfunction, please contact us. It is best to clean the lamp using a micro-fiber cloth. If there's a need for a more throughout cleaning, it's best to use a de-greasing solution or dishwasher liquid.

Colour influence

The influence of colour on our mind and body is universal, and works regardless of beliefs and background.

We present a synthetic list of the colours emitted by the Zen lamp:

- stimulates mental energy
- antidepressant, causes deep sleep
- calming, balancing and bringing harmony
- stimulates hunger, creativity, vitality
- helps discipline and mental order
- lessens stress, diminishes insomnia
- helps to relax
- stimulates the senses

Zen Color

Focus your mind on the ring of light and relax. Allow your senses to focus. Follow your zen.

The Zen lamp shines in a circular shape within the centre of a circle.

The light subtly shines from the whole surface of the lamp. You can choose the ambience you want for your room. The shade and brightness can be adjusted with a pilot (included), and the

colours can be animated in various ways.

The lamp can be mounted either on the wall or on the ceiling, and the cable can be respectively either hidden in the wall, or ended with a plug.

Zen Series

The Zen lamps are lamps made to fulfill your needs - you will find a lamp in any size and colour and for any purpose. The light source are LED strips - ecological and safe, allowing you to use them in many different ways. All lamps are made of acrylic glass. This material is recyclable, so you can be sure that if you take care to recycle the lamp, it will get a second life.

Zen series lamps work with voltage in the range of 110V to 240V so you can be sure that it can be used all over the world.
